

Here at the UPHF, one of our top priorities is the health and safety of the students, families, and communities we serve. During these challenging and unprecedented times, the UPHF is working hard to ensure that scholarships are awarded, and our commitment to you is uninterrupted.

We know communities everywhere have to contend with stay-at-home orders, school closures, limited hours at businesses, and so much more. We get it, and we are here to let you know that through these difficult times, we remain committed to you and the goals of the UPHF.

Better and brighter days are on the horizon, and effective immediately, the UPHF has extended the time to apply for a scholarship until **June 5, 2020**.

Also, the deadline to submit your letter of acceptance (or letter of good academic standing for current undergraduate applicants) from an accredited two/four year college/university, or technical school, has been extended to **June 5, 2020** as well. Winners will be announced June 13th, so please visit our website for more information.

Collectively, we thank all of the essential workers on the front lines for their unwavering dedication and commitment. We also thank all of you for your perseverance in achieving a higher education. Stay safe, stay well, and stay committed.

Dan Wasser,
President

“Commitment is what transforms a promise into a reality.”—Abraham Lincoln
