

2020 STUDENT SCHOLARS

2020 Winner: Allison Rehm

"I work part time at Wegmans doing many different jobs, such as cashier, self check out, sanitization team (during the current pandemic), and the sales team...On top of this, I researched in a microbiology lab on a few different projects, was in the Canisius College Chorale, was a teaching assistant for two classes, and studied abroad. Keeping up with academics in the Biology program proved to be a difficult time...but I was able to make it work with hard work.

Having this scholarship means that I can relax my hours at Wegmans and work harder on my studies...In order to gain more experience to help my application for dental school, with a more relaxed Wegmans schedule, I can get an unpaid internship at a dental office. I would also be able to gain more shadowing hours at a dental office.

This scholarship means peace of mind that I could pursue other ventures without worrying about affording school. This will make my life easier and more productive for my future endeavors compared to the present. This scholarship is a big help to me in many ways and I would like to thank the UPH Foundation again for the opportunities they have opened for me."
